P.S. I just thought  
of something:

Diana - It has been swell  
being in CHHS with you.  
Keep up the ol' traditions  
here, and don't forget the  
class of '50. Best of luck  
in everything you do.

Listen old man! (I say this word)  
you've really done quite  
a lot of making a good name for  
yourself - the past year - I like  
very much the day you participate  
in every school affair! Please take  
care of the other members of our "idm",  
while I'm away in the "university".  
Much ~~and~~ love and luck to a darling  
gal.

Much of every thing else - sleep -  
don't forget me -

# Class Poem

When the leaves of fall are turning  
It's reading and writing we are yearning;  
The joy of a summer holiday is past,  
It's September . . . and school is here at last.

The winter beckons with its cold, icy hand,  
And upon mid-terms we make our stand;  
We study hard, and toil through the day,  
But we know in June, we'll be on our way.

The spring is here in all its glory,  
And this concludes our seasons story;  
We have the key to the golden gates,  
But we hate to say good-bye to our school-mates.

by Ruth Benson

"The Worldly Hope men set their Heart upon  
Lies no Ashes - or it prospess; and anon,  
like Snow upon the Desert's dusty Face,  
lighting a little hour or two - is gone.  
  
yet ah, that Spring should vanish with the Rose!  
that Youth's sweet-scented manuscript should close!  
the Nightingale that in the branches sang,  
ah whence, and whither flown again, who knows!"

# Class History

For a long time graduation has seemed like a distant dream to us, but now as we struggle through our Senior year we realize that it will soon be a reality. We can look back on the years behind us with a smile, loving and remembering each one we have spent at Chapel Hill High.

Our Freshman year—will we ever forget the exciting, wonderful times we had then? Finally after eight long years the boys realized there were girls around them. Remember those first tubes of lipstick . . . pinkish orange. Smitty Lineberger was president of the Student Council, but most of the Freshman girls didn't pay any attention to his parliamentary procedure . . . they all had crushes on him. We spent most of our first year in the basement of the Elementary School and the Cone House until the late spring when we moved into our new building. Latin seemed to be the only trouble in our younger days. On week-ends we occupied the Teen-age Club frantically learning to dance.

Remembering all this we hate to say good-bye.

Our Sophomore year—bisecting frogs for Biology . . . ugh! It was a lot of fun with Mr. Longest in Phys. Ed. By now we were pretty set in our ways and we helped Student Council President Neal Creighton keep the old school, or rather new school, well in order. We were getting to be big wheels on the athletic teams and many of us were in the newly organized Monogram Club. We had a big job to do in order to keep the Recreation Center open but we all joined in and made the paper drives a success. We had found out, though, that high school wasn't just football games and dancing; we had to study too.

Remembering all this we hate to say good-bye.

Our Junior year—ah yes! This was when we really did some work. With the Junior-Senior Banquet and Dance our project we sold magazines and flowers to help raise money for the grand occasion. The theme was Heaven and St. Peter must have really been proud of us. Bill Bland headed the student body, the Proconival was a great success, the Glee Club did a fine job in Raleigh, and our football team—REMEMBER LAURINBURG!! The Y-Teen New Year's Ball went over with a bang that year too—and we do mean BANG!

Remembering all this we hate to say good-bye.

Our Senior year—that's all, Brother! We were introduced to Shakespeare—"How Art Thou?". Our class rings arrived and you've never seen such stuck-up human beings in all your life . . . yes, we were proud to be wearing the emblem of fulfilled manhood. The blasts of our long awaited band blared forth and we knew we had something to go along with our fine football squad. The Iceberg Tin-can was moved aside and in its place a football field laid out . . . what more could we want? How did you guess it . . . a diploma! ! Eddie Mann as Student Council President led the way for us in a big year . . . our Senior year.

Remembering all this we hate to say good-bye!

Our years have been spent in the making of fine citizens . . . we know Chapel Hill High School has done its job well and will be proud of us in the years to come. We've had our jokes, we've had our fun, and we look back to you all with a fond heart and a fond

*GOOD-BYE.*

# Student Council

## OFFICERS

*Above, left to right:* Eddie Mann, President; Jack Maultsby, Vice President; Caroline Ross, Secretary; Sidney Sparrow, Treasurer.

The Student Council is the governing organization of the school. It is the duty of the council to pass laws (approved by faculty) concerning student affairs.

This year's Council has been highly successful. It was represented by a delegation to the Student Council Congress held at Goldsboro. The club also sponsored such activities as the Stunt Night and the sale of school caps and emblems.

The Council is broken down into the Scrapbook Committee, the Cheerleading Committee, the Ways and Means Committee, and the Public Relations Committee.

*Third row:* Tommy Gravitt, Boys' Sports Editor; Anne Umstead, Girls' Sports Editor; Davis Turnage, Assistant Business Manager; Ruth Benson, Senior Editor.

The staff for the *Hillife* annual was elected in the spring while the students were still struggling juniors. Their ideas cultivated over the summer holidays and when fall rolled around they were ready with all their efforts to start work on the one and only *Hillife*. The cameras clicked, the faces smiled, and the editors wrote on and on. This is their product . . . this is what we want you to remember us by.

# Proconian Staff

In spite of an editorless beginning, the *Proconian* staff developed into an orderly, well co-ordinated group, with the work divided as evenly as possible among its four editors. In news coverage, special emphasis was put on getting as many articles by different writers as possible. Several worthwhile school activities such as the Student Council, bond issue, and athletic events were emphasized. The staff made an attempt to represent every department and phase of school life possible.

For the second year of its twenty years of publication, the paper had a hundred percent circulation of the student body. The staff aimed at making the *Proconian* an integral part of the school life.

A quarter of a century is a long time. Styles change, methods improve, tastes differ. Budgets decrease and increase as costs go up or down. The only factors that never change are quality and honesty. They are the same that they were in 1923 and will remain the same in the year 2000.
